About Us

Started the business venture in 2010 in Maharashtra, Real Ions Technologies is working as the foremost producer of industrial plants. With more than a decade experience, the company gained expertise in manufacturing Ethanol Plant, Ethyl Acetate Plant, Evaporation Plant, Bio Fertilizer Plant, Solvent Recovery Plant, etc. By using the production facilities optimally, the aforementioned plants can be customized in different specifications to meet the exact requirements of the clients. With the motive to gain the maximum trust of the clients, we are also providing them with cost-effective Installation, Repairing and Maintenance Services. The high standards we maintain in our products & solutions enabled us to achieve ISO 9001:2015 certification.

By consistently fulfilling the needs of oil & gas, pharmaceutical, sugar, chemical, biotech, etc. we have carved a niche as a trusted manufacturer, supplier and service provider.

Key Facts

No of Staff	17
Year of Establishment	2010
OEM Service Provided	Yes

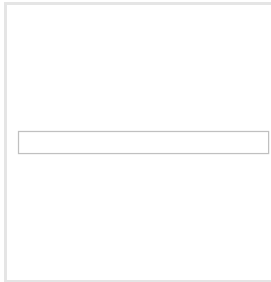

Our Products

Industrial Alcohol Plant

Automatic Evaporation Plant

Industrial Solvent Recovery Plant

Fuel Ethanol Plant

Liquid Ethyl Acetate Plant

Effluent Spray Dryer Plant

Multipurpose Rasin Plant

Edible Oil Refining Plant

Commercial Bio Fertilizer Plant

Automatic Jaggery Plant

Liquid Glucose Plant

ADDRESS

**Sukhawani Classic, A-7, Near
Potdar International School,
Chinchwad Goan, Chinchwad,
Maharashtra, India (411033).**
