About Us

Phitech Solutions Private Limited is a highly reputed manufacturer, supplier, exporter and service provider of state-of-the-art high voltage testing and measurement products. The available products are a wide variety of the HVPD test system, digital peak voltage meter, digital PD detector with calibrator, impulse voltage current generator and precision testing solutions. Our products are renowned for their accuracy, reliability and performance, and are tailored to the high standards of electrical testing laboratories, power utilities, research institutes and industry. Leveraging engineering skills and cutting edge technology, solutions are developed that enable safe and efficient electrical equipment testing. In addition to manufacturing and supplying quality products, we also provide dependable technical services to ensure maximum customer satisfaction. Our dedication to innovation, quality and timely delivery has allowed us to develop long-term relationships with our domestic and overseas clients. We at Phitech Solutions Private Limited never cease in our efforts to provide reliable solutions that help make electrical testing environments safer, more efficient and technologically advanced.

Founded in 2022, in Nashik, Maharashtra, India, Phitech Solutions Private Limited is known as Manufacturer, Supplier, Exporter, Service Provider offering Coupling Capacitor, Digital Peak Voltage Meter, Hvpd Test System, Digital PD Detector With Calibrator, Impulse Voltage And Current Generator, and more.
