Microbial Standards	Meets International Food Safety

ABOUT THE PRODUCT

Experience the sizzling flavor and vibrant color of our premium Red Chilli Powder. Crafted from 100% selected dried red chillies, every batch boasts a 99% purity level, intense aroma, and bold pungency.

Perfect for commercial spice manufacturers, ready-to-eat meals, restaurants, and household cooking. Adds seamless spice and deep red color to curries, sauces, and seasoning blends.

APPLICATIONS & EXPORT EXCELLENCE

Versatile Culinary Applications

Ideal for seasoning blends, sauces, marinades, curries, and food processing operations requiring consistent color and heat intensity across large production runs.

Global Export Standards

Certified food grade with parameters adhering strictly to international safety benchmarks. Prompt dispatch via reputed FOB ports across India ensures reliability for global partners.

FREQUENTLY ASKED QUESTIONS

Q: How is the heat level (SHU) determined?

A: Measured in Scoville Heat Units (15,000 to 40,000 SHU) based on selected chilli varieties.

Q: How should it be stored for freshness?

A: Store in an airtight container in a cool, dry place to maintain pungency and prevent moisture.

Q: What are the main dietary benefits?

A: Certified Allergen-Free, Gluten-Free, Vegan, Non-GMO, and free from artificial additives/preservatives.
