Golden Curcuma Longa Turmeric Powder with Fresh Rhizomes

ABOUT OUR TURMERIC POWDER

Crafted from the imposing *Curcuma longa* variety and boasting an enlightened **3-5% curcumin content**, this premium powder is 100% pure with no adulteration, lab-tested, and meets export standards. Its vibrant yellow-orange appearance and fine particle size (60-80 mesh) ensure versatility across culinary, medicinal, and coloring applications.

APPLICATIONS & INDUSTRIAL USE

Commercial & Culinary Applications

Enhances earthy flavor and rich golden color in curries, sauces, spice blends, and ready-to-eat products. Highly valued across industrial kitchens and food & beverage manufacturers.

Medicinal & Natural Dye Uses

Widely utilized in pharmaceutical formulations, herbal supplements (Golden Milk/Tea), wellness beverages, and eco-friendly plant-based natural dyeing applications.

WHY PARTNER WITH US?

- **Guaranteed Potency:** Naturally high 3-5% active curcumin retention for maximum anti-inflammatory benefits.
- **Strict Quality Control:** Fully lab-tested, free from synthetic dyes, lead chromate, or starch fillers.
- **Reliable Export Logistics:** Streamlined sample policy and quick 2-5 day delivery timeframe.
