

## DFC-60 SQUARE COOLING TOWERS

DFC-50 Round Cooling Towers, DFC-60 Square Cooling Towers, DFC-60 UX CTI Certified Cooling Towers, DPC-70 Pultruded Cooling Towers, DPX-80 Pultruded FRP Cross Flow Cooling Towers, etc.

**DPC-70 PULTRUDED COOLING TOWERS**

**DPX-80 PULTRUDED FRP CROSS FLOW COOLING TOWERS**

**DFC-60 SQUARE COOLING TOWERS**

## About Us

Founded in 1993 by visionary entrepreneurs Mr. Yogesh M. Kaura and Mr. Manish K. Shihani, Delta Cooling Towers Pvt. Ltd. stands as a trusted name in the industrial cooling tower industry. With a strong foundation built on quality, performance, and customer satisfaction, Deltas cooling towers serve industries across India and around the globe. We are specialised manufacturers of Induced Draft Cooling Towers in FRP and Pultruded FRP construction, engineered to deliver long-term reliability, structural strength, and energy efficiency. One of our cooling tower series is CTI certified, ensuring thermal performance as per international standards. These advanced materials provide excellent resistance to corrosion and harsh environmental conditions, making our towers ideal for demanding industrial applications.

Our cooling towers are expertly engineered at our advanced manufacturing facilities in Delhi and Baghpat (Uttar Pradesh). We also operate an office and warehouse in Navi Mumbai, strengthening our logistical capabilities and ensuring faster service and support for our clients across western India. Known for their durability, energy efficiency, and low maintenance requirements, our products reflect Deltas strong commitment to excellence in both design and quality assurance.
