About Us

An ISO-9001: 2000 organization managed by Qualified Professionals and Experienced Engineers with expertise in the field of dsl system, festoon system, rail clamps, tools, dies and sheet-metal components, electrical stampings and finished sheet metal fabrication with powder coating and painting, Silverline Metal Engineering Pvt. Ltd. has put rigorous efforts in honing every nook and corner of its area of core competence. These relentless efforts lead in achieving total satisfaction of its reputed clients since 1994. We have established ourselves as a renowned Manufacturer, Exporter & Supplier of Crane Components for EOT cranes like DSL System, Festoon System, Rail Clamps, Cable Trolleys, Overload Relays, Light Crane etc.

Since the inception of the company, "Total Quality Management" has been the numero uno priority right from installing the most modern machinery and equipments to maintaining the impeccable quality control method. The company has highly sophisticated state of the art plants at Mumbai, Aurangabad and Dubai. These plants are staffed by experienced and qualified team of engineers. All the stages of fabrication and assembly are meticulously planned and vigilantly monitored. The Mumbai unit manufactures and exports 95% of its production to USA and UAE. The Aurangabad unit manufactures crane components.

Silverline has strong business relations with Original Equipment Manufacturers, who form the very base of the economy. The application industry horizon encompasses crane manufacturers, home appliances, automobiles, wind electricity generators, machinery manufacturers, filtration equipment and other engineering industries. The company has ambitious global desires and plans to make each manufacturing unit to export 95% of its production.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	carlstahl craftsman chain hoist ,carlstahl craftsman wire rope hoist,carlstahl craftsman hoist ,sheet metal fabricators,taper thread ring gauges,pillar mounted jib crane,lathe machine parts,threading tool,double girder cranes,single girder eot cranes
No of Staff	50
Year of Establishment	1994
OEM Service Provided	No
ProductRange	carlstahl craftsman chain hoist ,carlstahl craftsman wire rope hoist,carlstahl craftsman hoist ,sheet metal fabricators,taper thread ring gauges,pillar mounted jib crane,lathe machine parts,threading tool,double girder cranes,single girder eot cranes
