About Us

Gokal Steel Rolling Mills is a prominent company serving as a Manufacturer and Trader of a qualitative range of Metallic Strips, Coils, Bars and Pipes. Our offerings include MS Pipe, MS Rectangular Pipe, MS Round Pipe, ERW Pipe, M.S. Strip, MS Petra, M.S. Bar and many other products. Our manufactured products are of excellent quality as we employ high grade raw materials such as iron and steel with high mild to high carbon strength. We use billets for the making of Bars and Flats which are of various dimensions, such as 100*100mm, 125*125mm, 150*150mm and 110*110mm. These products are dimensionally precise and durable as we make them with utmost precision to be of exact specifications and superior quality. The products we provide are widely availed by a large number of clients due to its corrosion resistance, high tensile strength, yield strength, ductility, long lasting, machinability and workability qualities.

Gokal Steel Rolling Mills is a reputed company whose foundation was laid in the year 2002. We are located in Mandi Gobindgarh (Punjab, India) and are an ISO 9001:2008 certified company making quality metal alloy products for clients everywhere. Under the competent leadership of our management heads, we have been making progress over the last decade and a half, and gaining a hold over various markets. With the help of our outstanding workforce who make effective use of our advanced infrastructural facility, we have been able to make high grade, precision Coils, Strips, Bars and Pipes that have attracted a large number of clients. Owing to the large market sales of our range, we have been able to touch an annual turnover of INR 60 Crores, which in itself speaks of our success.
