About Us

Sunmati Enterprises was incorporated in the year 1991. With our experience and expertise in the domain of electronics and electrical products, we have emerged as one of the leading traders, suppliers, wholesalers, distributors, exporters and importers of Cable Glands, Conduit Mounting Brackets, Cable Lugs and Cable Ties. The products are excellent in quality and durability. These are used in installation of electrical transmission lines, electrical supply lines in buildings, office, commercial and residential complexes and various other places. We offer the products in different standard sizes, models and specifications in accordance with the application requirements. Our cable glands, Brass Cable Glands, lugs & ties are used in arranging the cables and allowing smooth passage of current. The control panel accessories we offer greatly support control panels to integrate various electrical devices in a single board.

Capitalizing on over 23 years of market experience, we have established ourselves as a renowned trader, supplier, wholesaler, distributor, exporter and importer of world class Cable Ties & Fixings Products, Wire Connectors & Terminals, Colored Cable Tie, Cable Glands, Cable Lugs and Cable Ties. We have string business ties with some of the famous manufacturers of the aforesaid range of products. They provide us with uninterrupted supplies to meet the demands of our customers based in national and international markets. Our products are reliable, durable and long lasting for which the customers require in bulk quantities. Moreover, our success rate and ability to meet even the urgent demands have enabled us to become the prime choice of a large number of domestic and overseas customers.
