About Us

The history of our company, Multi-Weigh India Private Limited, dates back to the year 2004, when we entrenched our roots as manufacturer and supplier of an extensive line of weighbridges and other allied products. Pit Type WB Weighbridge, Electronic Mobile Weighbridge, Platform Weighbridge, Load Cell And Kit and Crane Weighing Scale are to name a few. Our technology and capabilities supported us and gave us unique abilities to adapt to the emerging technology and made us the one of the leading entities in this domain.

The managing director of our company, Mr. R.K Dixit is an ex-technocrat known for his 40 years of technical experience in this business line. His visits to different nations bring into our knowledge of latest technology that can be used for manufacturing our products. Under his guidance, our engineers, sometimes, even expand their boundaries to render the best products and services to our valuable customers.
