## About Us

Aquarian Systems is a renowned manufacturer and supplier of high-quality Rooftop Type Swimming Pools, Iron Removal Filter Plants, Water Treatment Plants, and Waste Water Treatment Plants. With over 17 years of industry expertise, we have successfully constructed more than 350 swimming pools of various designs, sizes, and at diverse locations across India. Our core strength lies in designing, constructing, and implementing innovative waterproofing and water treatment solutions that are tailored to meet the specific needs of each client. We combine technical know-how with a client-centric approach to deliver reliable and sustainable water treatment and swimming pool solutions.

In addition to our specialized services, we also undertake civil construction projects on a turnkey basis, ensuring timely completion and adherence to high-quality standards. Our team comprises experienced engineers, foremen, supervisors, masons, and laborers who work collaboratively to manage and execute projects with efficiency and precision. Whether it is a residential, commercial, or industrial requirement, Aquarian Systems is committed to delivering excellence through durable construction, innovative designs, and efficient execution, making us a trusted name in the water treatment and construction industry.
