

AC – DC Capacitors, APFC Panels, Automatic Power Factor Controller, Copper Or Aluminium Three Phase Reactors, Heavy Duty AC Capacitor For Power Electronics, High Voltage Dc Capacitors, For Low Inductance Circuits, For Low Inductance Buffer Circuits, Low Inductance Capacitors DC Link, Medium Voltage Capacitors, PCB Mounted DC Link Film Capacitor, PFC And PFC Rapid, etc.

MEDIUM VOLTAGE CAPACITORS

THYRISTOR SWITCHES

SINGLE AND THREE PHASE CAPACITORS

About Us

Electronicon System Electric Pvt. Ltd. manufactures modern Power Capacitors for various applications. These include capacitors for PFC, Power Electronics, Motor and lightings, Energy Storage etc. These Capacitors are made up of high-grade polypropylene(BOPP) film and Secumet TM metallized electrode. We have a different type of capacitors like Surge Capacitors, DC Link Capacitors, Aluminium Electrolytic Capacitor etc. We are one of the oldest companies in the world manufacturing capacitors since 1938. As a result we have a long history and proven track record in capacitor technology with numerous patents.

With the commitment to meet customer demand on time, our company came into being as a distinguished manufacturer, exporter & supplier. We deal in a wide range of AC Capacitors, Low Voltage PFC, Medium Voltage PFC, Reactors, Low inductance capacitors, Motor, etc. Our products are helping numerous household and commercial sectors through their excellent performance, low voltage fluctuation, high strength and optimum quality. They are developed with best in class of material giving them required strength and durability. Further, we upgrade our range at regular interval of time as per the current market trend.

Key Facts

No of Staff	12
Year of Establishment	2010
OEM Service Provided	No

Our Products

Low Inductance Capacitors DC Link

High Voltage Dc Capacitors, For Low

AC - DC Capacitors

Surge Capacitors

APFC Panels

PFC And PFC Rapid

Real Time Power Factor Correction Panel

Power Quality Analyzers

PCB Mounted DC Link Film Capacitor

Automatic Power Factor Controller

Copper Or Aluminium Three Phase Reactors

Heavy Duty AC Capacitor For Power

ADDRESS

**Plot No. W-170, Behind Indian Oil
Depo, Opp. Right Industries,
MIDC Ambad, Nashik,
Maharashtra, India (422010).**
