

Leak Testing Coupler

Delivering Solutions, Creating Value

Air Quick Coupler, Air Tank Testing Qrc, CNC Tapper Locking, Cam-lock Coupling, Camlock Coupling, Collet Coupling For Flared Pipes, Combination Couplings, Custom Made Clamping Solutions, Double Check Valve Quick Release Coupling, Double Shut Off Quick Release Coupling, External Threading Connectors For Leakage And Pressure Testing, etc.

TOGGLE COLLET TYPE COUPLING FOR PLAIN PIPE

FUEL TANK LEAK TEST COUPLER

QUICK COUPLING FOR LEAK TESTING

About Us

Sealant Enterprises offers decades of expertise in providing industrial-grade products as a supplier, manufacturer, and exporter. Fueled by accuracy and driven by innovation, the brand represents reliability in engineering solutions that drive improved performance in challenging environments. Through a commitment to quality, the organization serves changing industry demands with products engineered to make connections easier, optimize processes, and improve safety. Whether it's smooth fluid transfer, pressure management, or mechanical integrity, every product line is an expression of dedication to engineering that performs under pressure, lasts longer and acts with reliability.

Designed for today's high-pressure and fast-paced industrial requirements, the product line consisting of CNC Tapper Locking, Combination Couplings, Special Flange Holding Jaws, Filling And Test Quick Connector, Helium Leak Testing Quick Connector, Fuel Or Oil Pressure Test Coupler, Fuel Tank Leak Test Coupler, Single Touch Coupling, Cam-lock Coupling is designed to provide smooth operation, safe operation, and rugged reliability. From small size to high-cycle performance, the parts mesh seamlessly with disparate systems and reduce downtime for maintenance. Behind each offering is a strong appreciation of industrial mechanics and a guarantee of reliable service life. The company continues to evolve in accordance with evolving industry norms and maintains the core tenets of trust, performance, and customer-centric thinking. Beyond products, peace of mind is offered, through reliability that becomes integral to the client's system, not merely an add-on to it.

Key Facts

No of Staff	28
Year of Establishment	1989
No of Production Lines	1
OEM Service Provided	No

Our Products

Single Touch Coupling

Special Type Couplers

Plain Bore Quick Seal Coupler

STPC Series Refrigerant Filling And Test

STPC Series Vacuum Testing Coupler

STPC Series Helium Leak Testing Coupling

Pressure Testing Couplers

STC Series Leak Testing Coupler

STPC Series Leakage And Pressure Test

Half Twist Couplers

External Threading Connectors For

Pressure Test Plugs

Fuel Or Oil Pressure Test Coupler

Single Touch Coupling For Cold Testing

Leakage Testing Quick Release Coupling

Pneumatic Quick Coupler
