company Profile

ABOUT US:-

ALFA is leading manufacturer of corrosive resistance high grade AISI 316/304 stainless steel architectural hardware fitting since last many year. Products are manufacturing under the brand name **HART**.

The product range portfolio has a wide range of products offered by us are demanded in the market to their features, design, polish and finish, dimensional accuracy, durability.

Our products are used in worldwide in different projects such as Commercial, Industrial, Domestic and International.

Our organisation is backed by experienced team members. Who helps in understanding the diverse requirement of the client and offering the products accordingly.

INFRASTRUCTURE :-

In our company well equipped modern machinery like as a VMC, CNC, Hydraulic banding machine, Power press, Buffing machine, Cutting machine, Hydraulic press, Manual batch grinder, Lath machine, Thread machine, Drill, Surface batch grinding machine and Round pipe grinding machine, Tig welding machine etc. To produce a better & bulk production. Our total production are "in-house".

QUALITY & MANAGEMENT :-

All of our products are manufacture under one roof following ISO 9001:2008 quality standards.

We manufacture these products by using superior quality raw material which is sources from the reliable vendors. Raw materials are tested on different physical and chemical parameter to ensures their quality.

We having modern machinery to makes process of converting raw materials into finished goods.

During the process we better take care of the products to be its best when process ends. We giving equal importance production expansion as well as pre & post services.

MISSION:-

Our mission is to provide high quality products with reasonable rate, best customer service and the product guarantee. We are trying to provide satisfaction to our each and every customer and dispatch as per commitment.

METHODOLOGY:-

We believe in strong research and development before we launch our products in market. We also gets the valuable opinion from Architectures and Interior designers for better look comfort and style of our product.

VISION:-

Over the years, our company has introduced high quality and latest product range for society to leave the competitors for behind in order to meet the set goal of company. We use constant changing as per market demand and client specified requirements.

Welcome to the range of **HART**™ premium architectural products. Some products are proven and some are fresh & newly developed. The whole new world of selection for the quality and designs you want. And if you still feel customized designs just drop us a word and we will cater to your demand promptly.

FITTINGS

All fittings are designed and manufactured for international safety standards, as we ensure a sturdy facade in most severe conditions in exterior and interior application.

SPIDER FITTINGS

ASF-01

Four way fin type spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-02

Two way fin type spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-03

Four way point type spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-04

Three way point type spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-05

Two way point type spider 90°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-06

Two way point type spider 180°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-07

One way point type spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-08

Two way fin type spider 90°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-09

One way fin type spider right side 45°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-10

One way fin type spider left side 45°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-11

One way fin type spider 90°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-13

Two way spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-12

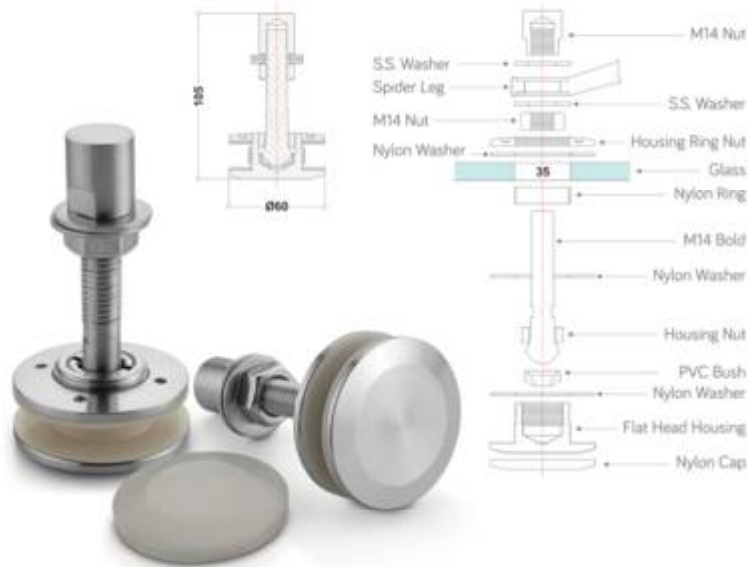

Four way spider 90°
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ASF-14

One way spider
Finish : Satin / Glossy
Material : Stainless steel 316 grade

ARF-01

Articated roulet
Finish : Satin / Glossy
Material : Stainless steel 304 grade

ARF-02

Articated roulet
Finish : Satin / Glossy
Material : Stainless steel 304 grade

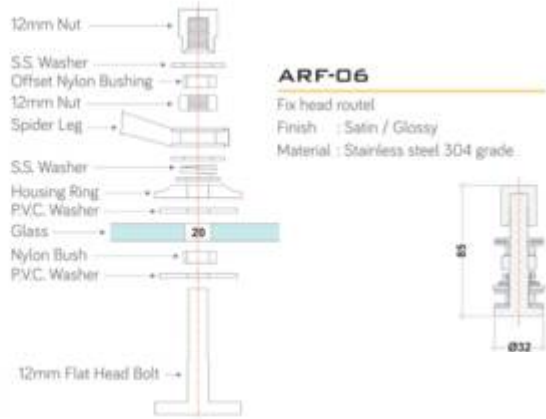

ARF-03

Fix head roulet
Finish : Satin / Glossy
Material : Stainless steel 304 grade

ARF-04
Fix head roulet
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AFP-01
Fin plate
Finish : Satin / Glossy
Material : Stainless steel 304 grade

ASP-01
Splice plate
Finish : Satin / Glossy
Material : Stainless steel 304 grade

We are manufacture huge range of canopy fitting that are designed for high performance. These can resist wind as well as other climate conditions.

CANOPY FITTINGS

ACF-01

Hold glass with the wall at 90°
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ACF-02

Hold canopy glass with cable or rod along with ACF-03
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ACF-03

Hold the cable or rod with the wall be used as a pair with ACF-02
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ACF-04

Hold glass for canopy with cable or rod with ACF-05
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ACF-05

Hold the cable or rod with the wall be used as a pair with ACF-04
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

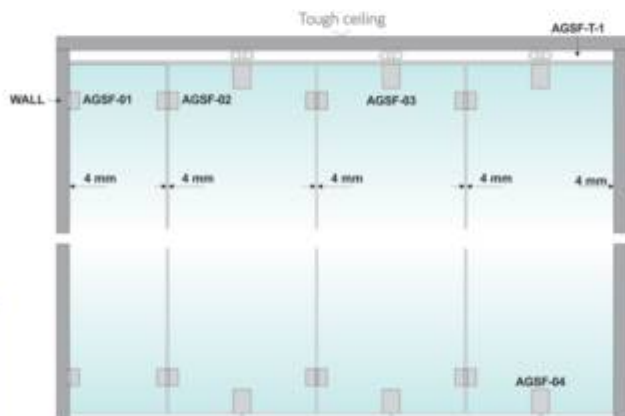

Add a new class to the glass while enriching the ambience
by a few thousand notes of melodious grace.

GLASS DOOR SLIDING FOLDING SYSTEM

GLASS CENTER FOLDING SYSTEM

Start panel with top and bottom wall to glass hinge	Folding panel with top - bottom roller and connected hinge device	Folding panel with top - bottom roller and connected hinge device	Folding panel with top - bottom roller and connected hinge device
Door width : Folding Door/2	800mm	800mm	800mm

Calculation of glass weight :

Thickness of glass	Approx weight Per Sq. Ft.
6mm	1.400 kg
8mm	1.900 kg
10mm	2.400 kg
12mm	2.900 kg

Features :

- Advanced glass center folding mechanism for up to 6 frame less glass panels with professional design concept.
- Center folding system is designed for both interior and exterior applications.
- Panels are connected using a hinges system
- Nylon wheels integrated bearing for quite easy running
- Maximum weight of door : 75kgs/Panel
- Minimum Panel Width : 500mm

AGSF-01

Wall to glass connecting hinges
Finish : Satin
Material : Stainless Steel 304 Grade

AGSF-02

Glass to glass interconnecting hinges
Finish : Satin
Material : Stainless Steel 304 Grade

AGSF-03

Glass sliding door roller
(Use : Track code AGSF-T-1)
Finish : Satin
Material : Stainless Steel 304 Grade

AGSF-04

Push bottom lock
Finish : Satin
Material : Stainless Steel 304 Grade

AGSF-R-1

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-2)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-2

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-2)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-5

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-3 / T-4 / T-5)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-6

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-3 / T-4 / T-5)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-3

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-2)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-4

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-2)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-7

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-3 / T-4 / T-5)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-R-8

Glass sliding door roller for 10 to 12mm glass
(Use : Track code AGSF-T-3 / T-4 / T-5)

Finish : Satin

Material : Stainless Steel 304 Grade

AGSF-T-1

Top track
Material : Aluminium anodize

AGSF-T-2

Top track
Material : Aluminium anodize

AGSF-T-3

Top track for only door
Material : Aluminium anodize

AGSF-T-4

Top track for double doors
Material : Aluminium anodize

AGSF-T-5

Top track for door & fixed glass
Material : Aluminium anodize

ADS-01

Door stopper
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

AFG-01

Floor guide
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

A-1

Track mounting bracket wall to track fixer
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

A-2

Wall to track connector
Material : PVC solid (white)

A-3

Door stopper
(Use : Roller code AGSF-R-1 to R-4)
Material : PVC solid (white)

A-4

Door stopper
(Use : Roller code AGSF-R-5 to R-8)
Material : PVC solid (white)

Big range of hardware for making different types of shower cubicles and shower screeny.

SHOWER GLASS FITTINGS

ASDH-01

Glass sliding rectangle door handle
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ASDH-02

Glass sliding rectangle door handle
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ASDH-03

Glass sliding rectangle door handle
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ASDH-04

Glass sliding round door handle
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

ASDH-05

Glass sliding round door handle
 Finish : Satin / Glossy
 Material : Stainless steel 304 grade

**ASGF-01**

Rod to wall connector for Ø19mm rod
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-02**

Rod to glass support connector for Ø19mm rod
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-03**

Top rod to glass connector for Ø19mm rod
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-04**

Support clamp for
two way connecting rod for Ø19mm tube
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-05**

Support clamp for
three way connecting rod for Ø19mm tube
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-06**

Round Track Ø19mm tube
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-07**

Wall to track connector
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-08**

Track to glass connector
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-09**

Track to track connector 90°
Glass to track end connector
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

**ASGF-10**

Reinforcing Track 10x30mm
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

ASGK-01

Shower door knob
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

ASGK-02

Shower door knob
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

ASGK-03

Shower door knob
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

ATB-01

Shower glass door handle - round
(Ø19mm pipe / Ø22mm pipe / Ø25mm pipe)
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

ATB-02

Shower glass door handle - square
(Ø 20mm pipe / Ø 25mm pipe)
Finish : Satin / Glossy
Material : Stainless Steel 304 Grade

A-R-01

Railing fitting Julia
Finish : Satin / Glossy
Material : Stainless steel 304 grade

A-R-02

Railing fitting pipe to glass - Solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade

A-R-03

Railing fitting pipe to glass - Solid
Finish : Satin / Glossy
Material : Stainless steel 304 grade

A-R-04

Railing fitting - Solid
Finish : Satin / Glossy
Material : Stainless steel 304 grade

Making things smooth in the life and better usability is exact need cotteder by us.

PATCH FITTINGS

APF-01

Top patch
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-02

Bottom patch
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-03

Over panel side panel patch with pivot (Big 'L')
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-04

Aluminium fixed floor
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-05

Glass to glass aluminium fixed floor
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-06

Over panel side panel patch (Small 'L')
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-07

Over panel patch with pivot & wall
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-08

Patch lock
Finish : Satin
Material : Aluminium alloy body & stainless steel 304 grade cover plate

APF-09

Bottom bearing patch pivot
Finish : Satin
Material : Stainless steel 304 grade & M.S

APF-10

Top patch pivot
Finish : Satin
Material : Stainless steel 304 grade

MORTISE HANDLES

AMH-01

Mortise handle 19mm & 22mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-02

Mortise handle 19mm & 22mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-03

Mortise handle 19mm & 22mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-04

Mortise handle 22mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-05

Mortise handle 19mm round pipe & solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-06

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-07

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-08

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-09

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-10

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-11

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-12

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-13

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-14

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-15

Mortise handle solid
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-16

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-17

Mortise handle 20mm square pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-18

Mortise handle 19mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-19

Mortise handle
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-20

Mortise handle 22mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-21

Mortise handle 22mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-22

Mortise handle solid
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-23

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-24

Mortise handle solid casted & 19mm round pipe
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

AMH-25

Mortise handle solid casted
Finish : Satin / Glossy
Material : Stainless steel 304 grade
(Also available in plate type mortise)

 Ø22mm / Ø25mm pipe
 Finish : Satin / Combi
 Material : Stainless steel 304 grade

**APH-13**

H-type square glass door handle
 20mm / 25mm pipe
 Finish : Satin / Combi
 Material : Stainless steel 304 grade

**APH-14**

Glass door handle
 20mm / 25mm pipe
 Finish : Satin / Combi
 Material : Stainless steel 304 grade

**APH-15**

Glass door handle
 15x30 pipe
 Finish : Satin / Combi
 Material : Stainless steel 304 grade

**APH-16**

Glass door handle
 2 pipe
 Finish : Satin / Combi
 Material : Stainless steel 304 grade

**APH-17**

H-type adjustable glass door handle
Ø25mm pipe
Finish : Satin / Combi
Material : Stainless steel 304 grade

**APH-18**

Glass door handle
Ø25mm pipe
Finish : Satin / Combi
Material : Stainless steel 304 grade

**APH-19**

Glass door handle
10x20 Solid
Finish : Satin / Combi
Material : Stainless Steel 304 Grade

**APH-20**

Glass door handle with wood
Finish : Satin / Glossy
Material : Stainless steel 304 grade & wooden

**APH-21**

Glass door handle with wood
Finish : Satin / Glossy
Material : Stainless steel 304 grade & wooden

Wide range of glass connectors for different applications and designs. Press fitting and elegant look are our design philosophy.

GLASS CONNECTORS

AGC-01

Fixed floor mounting - Casting
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-02

Wall to glass connector 90° - Casting
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-03

Glass to glass connector 90° - Casting
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-04

Glass to glass connector 135° - Casting
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-05

Glass to glass connector 180° - Casting
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-06

Fixed floor mounting
4mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-07

Wall to glass connector 90°

Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-08

Glass to glass connector 90°
4mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-09

Glass to glass connector 135°
4mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-10

Glass to glass connector 180°
4mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-11

Glass to glass connector three way 90°
4mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-12

Fixed floor mounting
3mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-13

Wall to glass connector 90°
3mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-14

Glass to glass connector 90°
3mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-15

Glass to glass connector 135°
3mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-16

Glass to glass connector 180°
3mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-17

Glass to glass connector three way 90°
3mm sheet metal
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-18

Fix bracket wall to glass 90°
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-19

Square glass center button
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGC-20

Glass center
Finish : Satin / Glossy
Material : Stainless steel 304 grade

AGH-01
