About Us

At PR Crane & Earthmovers, we understand that earth-moving equipment and machinery play an important role in industries, such as construction, mining, agriculture, and others. Hence, we offer the latest designs in Mining Exploration And Drilling Machinery, such as Line Boring Machine And Manual Welding, Main Motor Set, Portable Line Welding Boring Machine, and more products that can withstand challenging work environments and deliver optimal performance. We are working as a prestigious exporter, trader, and supplier from Udaipur, Rajasthan, India. To source the product range, we collaborate with renowned manufacturers and brands, ensuring that our customers get access to innovative solutions and the latest technological advancements in the industry.

We source the product range from reputed vendors, who perfectly align with the requirements, goals, and values of our company. The vendors are thoroughly analyzed on their product range, work ethics, quality standards, delivery schedules, and prices.
