About Us

Electric pumps are critical components of many industrial and residential systems, where they help with efficient and reliable water, and fuel, & fluid transfer. In line with this, their selections and purchases are important for the customers. Considering this, we - Chandra Machinery & Equipments Traders Private Limited, got incepted in the year 2022. We are a reliable trader, supplier, and retailer of 1.0 HP Jaldakash Mini Series Pump, 54S Mega Pump, Anaya I Pump, Flow Master I Pump, Lifter Pump, and allied products.

We source these high-quality electric pumps and offer them at competitive prices. This helps us in acquiring complete customer satisfaction, which is measured by the reliability, efficiency, and effectiveness of the products. Client satisfaction is also measured by the services provided to them regarding our range, its order and delivery. To support swift transactions, we accept payment from customers via online modes as recommended by the Govt. of India.
