About Us

We are a noted agri biotech company based at Hyderabad, India. With our wealth of excellent human resources and in-depth knowledge of the discipline, we, introduce ourselves as a noted manufacturer and exporter of high quality botanical origin bio pesticides, microbial origin bio pesticides, bio fertilizers, bio fertilizer products and bio agri inputs. We are a part of SOM Phytopharma (India) Ltd., a leading research based agri biotech company. Our portfolio of products includes Neem, Azadirachtin, Karanjin, Anonin, Bacillus Thuringiensis-Kurstaki, Bacillus Thuringiensis-Israelensis, Trichoderma, Beauveria, Metarhizium, Verticillium, etc. Our sole business motto is to provide the best range of bio fertilizers and agricultural products to the huge farming fraternity by blending our knowledge with the modern scientific applications.

Most growers employed to craft a sustainable agriculture structure comprehend that their first stroke of defense against undesirable pests is not found in the chemical shack. Located in Telangana, (India), we Agri Life work to give nature a chance by producing and exporting softer bio pesticide. Our products named as Bio Pesticides, Bio Fertilizers and others are natural enemies of pest creatures that can harm the crop environment. These offer a more sustainable solution to pest control in comparison to other synthetic alternatives. We as a nature and industry friendly company are renowned in the marketplace for our wide network, prompt delivery, quality-directed products and ethical business practices.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	vesicular arbuscular mycorrhiza,Karanjin,trichoderma viride,organic pesticides,bio organic fertilizer,organic manure,bio fertilizers,biostimulant,bio pesticides
No of Staff	60
Year of Establishment	1993
OEM Service Provided	No
ProductRange	vesicular arbuscular mycorrhiza,Karanjin,trichoderma viride,organic pesticides,bio organic fertilizer,organic manure,bio fertilizers,biostimulant,bio pesticides

Our Products

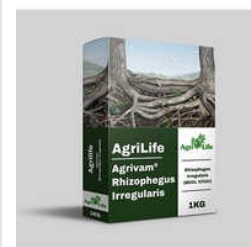

Silica Solubilizing Bacteria

Iron Mobilizing Bacteria

Zinc Mobilizing Bacteria

Agrilife Mycorrhiza

AgriLife Nitrofix Biofertilizer

Sulphur Mobilizing Bacteria

Potassium Mobilizing Bacteria

Phosphorus Solubilizing Bacteria

AgriLife Stimula

AgriLife Lesino Biostimulant

AgriLife Rootambio Biostimulants

AgriLife Aminocid Biostimulants

Seaweed Fermentation Derivatives

PACER

Manganese Solubilizing Fungus

STOMA EW
