Our Chairman

Our proprietor, SATNAM SINGH is technical, professional, and has vast experience in manufacturing and supplying of various products. Thus, with the help of him, our team can easily cross every challenge of modern technology with perfection. He has only one goal of making the clients happy as the customer is our crown.

Since our inception in 2010, we have accomplished every goal of our customers so that we can become the globe's exceptional manufacturing unit in all aspects.

About Us

We build products to serve you in a better way!

AGS tools and components are catering to the AUTOMOTIVE LIGHTING AND ACCESORIES since 1990 with high expertise, dedication, and world-class quality. Our main aim is customer satisfaction. We have the most prestigious name in the AUTOMOTIVE goods segment, and we dig the ground to deliver best quality electrical products at a reasonable cost.

We believe that by delivering utmost professionalism in what we do will help us to grab the trust of the clients. Countless quality-conscious brands are associated with us from years to offer excellent services with no extra cost.

AGS tools and components are in the business of automotive products like interior lights, fog lights, side indicators, flashers, blinkers, converter, fan, reverse horn, switches and many more.

Highest Quality Products services

Vision

AGS Tools and Components strive to expand its horizons in delivering lighting solutions and accessories to our esteemed clients all around.

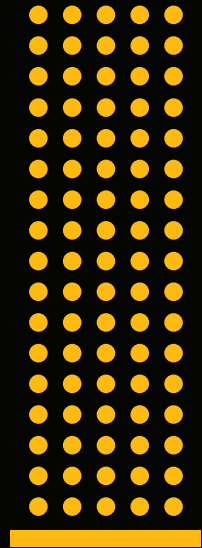

Mission

We endeavour to continually create innovative and high-end solutions to our customers. We ensure that our quality standard, production, and performance always cater towards premium goods.

Who We are?

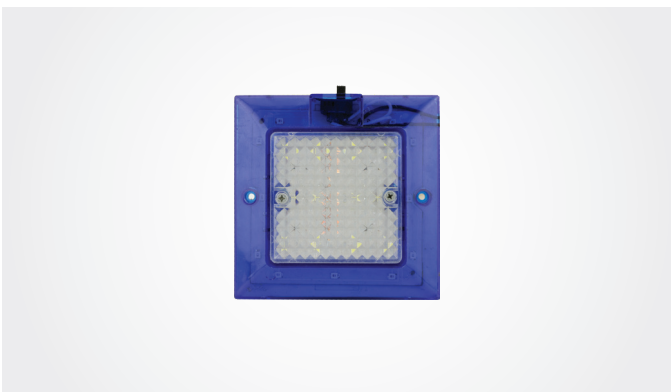

We have an experienced team of technicians that are highly qualified and professional. They take care of every small requirement of the clients keeping in mind today's changing trends. What makes us apart from others is that all our products are affordable with high quality.

CABIN / INTERIOR LIGHT

Innovation and design are the way of life at AGS tools and components. With CABIN/ INTERIOR LIGHT, offer your vehicles innovative styling and light in a unique way.
