# About Us

**Agrawal Drugs And Chemicals Pvt. Ltd.** has been manufacturing **Specialty Textile Chemicals** since 1980.

We are located at Indore M.P which is logistically the most central location in India today, with easy and quick access to any corner of the country and abroad. Our manufacturing facility is located at Dewas which is an Industrial area, 35 Kms from Indore.

Our Directors are technocrats from UDCT, Mumbai and have a deep and extensive knowledge of the Industry.

From humble beginnings of limited products and limited geographic reach, we are now supplying our products across the country to the largest textile mills in all spectrums of Cotton, Polyester, Home Textiles, Garments, Denim, etc.

**Agrawal Drugs And Chemicals Pvt. Ltd.** is a globally present business venture of the very hard working **Mr. Ravindra Agrawal**. Four decades of service as a manufacturing company is the major reason of our growth as we have learned to satisfy the demands of customers related to **Textile Chemicals, Premium Softeners, Defoamers, Performance Finishing Chemicals** and other products. Year after year, we have improved our working in the industry as a result of which we are receiving appreciation from India and Abroad based clients. In Indore, **Madhya Pradesh (India)**, we have our well-fitted production house for chemicals production in large quantity.
