

<i>SP and Co.</i>	<u>ENVIRONMENTAL POLICY</u>	<i>SP and Co.-LWG-5.1.A</i>
		<i>Rev.No:00</i>
		<i>Date:10.08.2017</i>

SP and Co is committed to manage environmental impact, prevention of pollution are integral part of our operations and to assure the environmental integrity of our operations and to assure the environmental integrity of our processes and facilities at all times.

We will do so by adhering to the following principles:

- *Employee management systems and procedures specifically designed to minimize the use of hazardous materials, energy and other natural resources.*
- *Adopt production techniques that will minimize the generation of waste, and to enable recycling and reuse of materials.*
- *We will continually seek opportunities for continual improvement of our environmental performance by establishing objectives & targets, measuring progress, and reporting our results; including but not limited to energy, water, and Chemical consumption.*
- *Always meet or exceeds all applicable legislations that organization subscribes.*
- *Promote participation and communicate our commitment by promoting environmental responsibility among our employees; by providing the necessary training and support to enable them to implement this policy.*
- *By informing suppliers about our environmental management practices; and by soliciting input from our employees, suppliers, customers in meeting our environmental goals.*
- *Further if public has any complaints about our operations one can raise the same at compliant register available at our security office.*
