## About Us

Our company, Technica India, started our business operation in the year 1998. Today, we are respected and considered one of the top names in the healthcare sector. Our exceptional assortment of Surgery Operation Theater Tables, Operation Theater Lights, Operating Table Headrests, Electric Surgeon Chairs, OT Room Furniture, OT Room Table, etc. is the prime reason to our success in the market. It is offered to clients at attractive prices regularly. Under the leadership of Mr. Dharmender Sharma, we make sure that the entire assortment is made available in the market in varied sizes, designs and specifications, all of which can be customized on request. He motivates us to work in an ethical manner and assure punctuality at every step of business operation. Thanks to his guidance and help, our company has emerged as one of the most trusted manufacturers and wholesaler of the domain, We plan to grow even more as a business concern in the competitive market in the future years.

A top notch infrastructure supports the regular functioning of our company. At our premise, we work in an ethical as well as quality centric manner, while relying on our advanced machinery set ups and equipment line. The technology installed at our facility allow us to manufacture the best for our clients at all times. The infrastructure facility has evolved since the beginning of our business journey, we have constantly expanded and upgraded it over the past years in order to improve our work capabilities.
