OUR HISTORY

Over Two Decades Of Sustained Excellence In The Cosmetics Industry Established in 1999, Glowel Cosmetics has established itself as a benchmark for delivering quality, customised cosmetic manufacturing solutions. With a collection of specialised services such as Formulation Development, and 3rd Party Manufacturing, among others, Glowel has a proven track record of excellence in developing reliable cosmetic products. Based in the industrial centre of Ahmedabad, Glowel consists of dynamic leadership, a technically proficient team, a research and development centre and a state-of-the-art manufacturing facility that come together to facilitate efficiency and quality. These strengths have enabled Glowel to work alongside the most prominent names in the cosmetics and pharmaceutical industry while building long-term, synergistic relationships. Over the years, we've built a capacity that allows us to deliver 50000 products every shift, and we're committed to increasing it even further!

DIRECTOR'S MESSAGE

Mr. Gaurav Dharani

Glowel is the brainchild of Mr Gaurav Dharani, who has worked in the cosmetic industry for over 30 years. His vision and understanding of the market led him to set up a manufacturing facility dedicated to product development for the famous brand Everyuth. Subsequently, the company continued to grow under his direction and encouragement, helping us grow from strength to strength.

SOLUTION FROM FORMULATION TO PACKAGING

WE MAKE IT EASY FOR YOU

STEP 1

CHOOSE YOUR PRODUCTS

Connect with our sales executive, discuss your requirements, and choose the products from our catalogue that contains an extensive list of products. Pick the products, explain which ingredients you expect in them, and leave the rest to us

STEP 2

PRODUCT SAMPLING

To make the tedious and time-consuming process of product sampling convenient, our sales executive will recommend the products and give you a quick walkthrough of the process. The executive will resolve all your queries and help you understand the

STEP 3

PACKAGING DESIGN

We also offer professional packaging and logo-designing services that compliment your brand and make the products appealing to your customers. Our expert graphic designers understand your business and requirements and design aesthetic and captivating packaging designs accordingly

STEP 5

PRODUCT SHIPPING

Once the products are packaged, they are delivered at your address on the stipulated date and time. Our partnership with the top logistics companies allow us to deliver your consignments within the deadline. We have integrated modern and digital solutions to improve our delivery system.

STEP 4

PRODUCTION

Our state-of-art production facilities and well- researched formulas help us to come-up with best results for your products. Each product is tested several times to meet your expectations regarding quality and effectiveness. We employ a standard packaging system to ensure complete safety of products.
