About Us

Our well-reputed company, Textile Technocrats, was founded to supply our clients with premium-quality industry-used products. We are known in the market as one of the leading manufacturers, suppliers, and traders of products like the Abrasion Cum Pilling Tester, BOD Incubator, COD Unit, Cotton Bare Shorter, Crock Metre, Infra Red Beker Dyeing Machine, and more. We manufacture these items using premium-quality raw materials, which we procure from the most trusted vendors in the market. We have carefully selected these people after a thorough market research and make sure they share the same values as us. Our items are highly appreciated by our clients for their durability, efficacy, robust construction, and effectiveness. To ensure their quality, we pass them through a series of quality assurance tests. This helps us make sure that the quality of these items is on par with international standards. Moreover, we supply these items to our clients at competitive market prices.

Our company, Textile Technocrats, was founded in 2010, and since then we have been doing our business operations out of Ghaziabad, Uttar Pradesh, India. We are known to manufacture, supply, and trade in products like IR Beaker Dyeing Machine, Flambility Tester, GSM Cut, Industrial Hot Air Oven, Hot Plate, Digital Light Fastness Tester, and more. We have been in this industry for more than a decade, and in these years, we have strengthened our position in the market. Our quality-assured and reliable products, strong marketing policies, ethical business policies, and transparent way of dealing with our clients have helped us maintain a strong reputation in the market. Going forward, we aim to expand our business operations and cater to the requirements of a larger audience.
