About Us

Siddharth Commercial is a reliable trader and supplier specialized in offering state-of-the-art tech solutions. We are pleased to provide a wide selection of products, such as Room Presentation Projector, Wireless USB Adapter, Essential Series Education Interactive Display, Smart Display, etc. We are also a service provider for Installation and maintenance service, which customers have always appreciated. We are dedicated to quality plus innovation and thus have joined hands with reputed manufacturers in the industry. With the help of an experienced team and solid relationships with top manufacturers, we guarantee that our customers receive excellent products along with first-rate service and support. Choosing us has always proven to be the right choice for customers as we have delivered them the best considering their requirements.

We take great satisfaction in cultivating enduring relationships with top manufacturers in the sector. These collaborations allow us to provide our customers with top-notch goods and services. We work directly with a number of reliable partners to provide Interactive Flat Panels and Wireless USB Adapters, as well as with well-known brands like Benq for projectors and Sony and Samsung for displays. These connections guarantee that we remain at the forefront of technology, giving our clients access to the newest developments and dependable goods
