About Us

With the primary goal of providing the clients with the best selection of products, we established our company, Swan Enterprise in the year 2002. Our company has seen rapid growth and has since built a strong name in the marketplace. Our skilled team is well-suited to manufacturing goods specifically tailored to the most exacting needs of customers. As a manufacturer and supplier, we provide a vast array of products, including Bush Bearing 40 OD Shaft, Motorized Slide Gate, ESP Rapping Hammer and Outer Arm, Pneumatic Slide Gate, 70 Into 10 ESP Inner Arm, etc. After the production process, we ensure that every product complies with the highest quality standards. Customers value our reasonably priced products, and we are continually exploring for methods to make them more accessible.

Despite the fierce competition in the market of present times, our company, Swan Enterprise has been able to take the lead. Our consistent growth is a result of our ongoing efforts to provide our clients with the best solutions. We produce a comprehensive range of goods, including Manual Slide Gate, EN8 Pin Wheel, 160 Into 90 Into 50 CI ESP Plain Bearings, and many more, using raw materials sourced from the most reputable vendors of the market. Our team of professionals rigorously inspects each batch once it has been processed at our facility, which is located in the city of Howrah, West Bengal, India. Furthermore, we ensure that our business dealings with the customers are completely ethical.
