## About Us

Moksha Industries was founded in the year 2000, with an aim to ensure custom built storage solutions and a wide range of in-plant material handling equipment. With the mission to become the leader in storage and material handling systems industry, we commenced our operations as manufacturer, supplier and service provider. Our company introduces a variety of Material Handling Equipment, Storage Systems, EOT & Goods Lift, Construction Equipment, Dock Equipment, Conveyors, Scissor Lift, Hydraulic Lift, Home Lift, Dock Leveller and so on. We ensure complete solutions starting from concept to accomplishment.

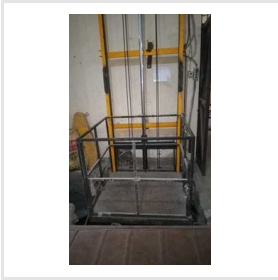

We are very sincere about the quality of products, which has gained us a lot of recognition among a number of well known customers. We are ceaselessly engaged in research and development of systems that must be compatible with future needs. Our company is certified by ISO 9001:2015. We provide products in the domestic markets. Some of our major clients are Bajaj, TVS, Minde, Havells, Hero Motocorp, Honds, Mahindra, Luminous, Phillips, and JCD.
