About Us

Transpower Equipments is a trusted player in industrial supply, dedicated to providing efficient mechanical and electrical products to various industries. Our emphasis on integrity, quality products, and a strong commitment to the customer has enabled us to consistently help customers operate with efficiency and productivity for the long term. As a trader and supplier, we are able to help customers access quality equipment to suit the ever-changing industrial landscapes. We offer Shanti Worm Gearboxes, Geared Motors, Flange Mount Motor, Knife Gate Valves, Electric Three Phase Induction Motor, and more.

Transpower Equipments founded in 1996, in Pune, Maharashtra, India, trades and supplies Cast Iron Valves, Geared Motors, Flange Mount Motor, Knife Gate Valves, Electric Three Phase Induction Motor, and more. Our approach is not only to provide the products but to ensure the solution meets the particular needs of the customer. Through a deep understanding of technical specifications and operating conditions, we assist companies in choosing equipment that improves productivity, minimises downtime, and maximises throughput.
