

# Industrial Machinery Shafts

Manufacturer, Exporter And Supplier

**Our Service Your Satisfaction**

Choke For Steel Mill, Coupling Sleeve, Crosshead Body For Extrusion Complete Assembly, Draw Bench Trolley Main, Insulation Heliwid, Machining of Choke Under, Machining of PM Roller, Machining of Roller in Process, Piering Mill Roller, Plummer Block, Pulleys, Shaft For Pilger Mill, Shafts, Toss W 100 Horizontal Boring, Wheel, etc.

**INDUSTRIAL SHAFTS**

**FORGED SHAFTS**

**ECCENTRIC SHAFT**

## About Us

Providing excellent fabrication solutions. We offer corrosion resistant, chemical resistant and durable products such as, Machine Shafts, Industrial Shafts, Eccentric Shaft, Industrial Bushes, Furnace Components, etc. H C & COMPANY is two decades old company, handling the customers' demands of precision machining and heavy duty based job works & fabrication solutions. As a manufacturer, exporter and supplier, we are offering good quality Choke Shaft, Industrial Shafts, Eccentric Shaft, Machine Shafts, Centering Ring, Plate Mill Roller, Industrial Bushes, Forged Dies, Forged Rolled Rings, Shrink Fitted Rolls and several other products from Maharashtra, India. We also specialize in Crane Wheels, Jigs & Fixtures and other heavy duty components. From the very outset in 1995, we have been offering these products to several customers across the sectors like Steel, Automobile, Defense, etc.

Based in Maharashtra (India), we, H C & COMPANY, are counted among the notable manufacturers, exporters and suppliers of Industrial Bushes, Shrink Fitted Rolls, Furnace Components, Crosshead Components, Coaming Adapter and many other products. For the last 20 years, we have been meeting customers demands by offering them our quality products. Each of our product is made of wear resistant and rust resistant materials and ensure long functional life. We use the advanced production techniques and methods to develop our products. And so, our products are reliable. Apart from the products, we also render quality services. We provide fabrication solutions and undertake different types of job works. With having strong market presence in the national business domain, we are totally committed to meet the precise requirements of different industries. Well equipped production unit and warehouse facility testify to our strong infrastructural base that have vital role in attaining success in the continuously changing market. We focus on developing products and rendering services that simplify operational drawback of different organizations. We consider our team members as our backbone of success. To encourage them to perform better, we have created employee friendly working environment by inculcating family values among them. Thorough quality analyzing process, efficient management of logistic department and eagerness to comprehend the precise needs of customers to serve them better are some key factors for which we are acknowledged as a reliable establishment in the market.

**Key Facts**

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	HORIZONTAL BORING JOB WORKS,SHAFT TURNING,LONG SHAFT TURNING,heavy engineering works
<b>No of Staff</b>	50
<b>Year of Establishment</b>	1995
<b>No of Production Lines</b>	3
<b>OEM Service Provided</b>	Yes
<b>ProductRange</b>	HORIZONTAL BORING JOB WORKS,SHAFT TURNING,LONG SHAFT TURNING,heavy engineering works

## Our Products

**Plate Roller**

**Forged Die Machine**

**Precision Turned Shafts**

**Choke Shaft**

**Spline Shaft**

**Gear Shafts**

**Metal Shaft**

**Pinion Shafts**

**Long Shafts**

**Shrink Rolls**

**Pilger Mill Shaft**

**Industrial Centering Ring**

**Industrial Bushes**

**Industrial Forged Rolled Ring**

**Machined Shafts**

**Machined Forgings**
