About Us

Bothra Enterprises is a reliable entity in the construction industry, renowned for providing high-performance solutions as a Manufacturer, Trader, and Supplier. With years of experience in the industry, the aim is clear to provide robust, reliable, and well-engineered products that raise the bar on any construction project. With specialization in concrete cover block, round concrete cover block, rebar safety cap, concrete texturing brush, plastic shim pad, plastic tile spacer, concrete bull float, pvc cover block, water stopper, anchor nut, and tie rod, the company mirrors the evolving needs of modern infrastructure.

We manufacture every product with great care using fine-grade raw materials to deliver structural strength, corrosion protection, and enduring durability, even in harsh conditions. It emphasizes quality finish, minimum rework, and compliance with contemporary construction techniques. For major commercial developments or minor residential schemes, these products are designed for fast and easy fitting, ultimate load distribution, and economy for a variety of applications. The brand is unique in that it has a total commitment to performance and reliability, offering products that not only comply with industry requirements but surpass them. Functionality and quality meet to allow builders, engineers, and developers to complete projects faster, smarter, and more reliably.
