## About Us

H.D.Wires Pvt. Ltd. which today is a renowned manufacturer, trader, and supplier of a range of wires and cables, was started in 1988. We started our operations from a small setup in Indore, India. Currently, we offer a wide variety of products including but not limited to Earth Wire, Farming Wire, Barbed Wire, Automotive Wire, Binding Wire, Mattress Wire, Patented Black Wire, and many others. These are quality-approved and offered in various thicknesses, grades, and roll lengths to meet the demands of customers.

We are functioning under the leadership of Mr. Dilip Dev, who holds a Masters degree in Economics & Commerce from Indore University, DAVV. At the age of seventeen, after completing his education, he began working for the Dev Group by joining in the Biscuits - Confectionery division. He gained experience in the early years of his career by working for the production businesses of the group, which included cinema exhibition, printing, and metal containers. He earned an LLB (Hons) and double post-graduation degree, which further enhanced his professional experience. He set the groundwork for H.D. Wires Pvt. Ltd. in 1998 when it was just a mild steel wire-drawing facility with a 3000 Mt annual capacity. Under his direction, H.D. Wires manufactures a wide range of formed wires, mild steel, and high carbon round wires and wire products today. Currently, we also cater to the market demands for the fabrication and reinforcement industry with our wide gamut of welding electrodes, fasteners and wire welded mesh. We have registered a turnover of 112 crore in FY 2013-14 with a sales of 25 ,000 MT .

## Key Facts
