About Us

Count from the roof, the class of an organization can be judged! These words are expressed by a reckoned structural engineer-cum-architect, years ago. These words imply that the evolution is soon going to take place in the roofing technology in India. Best-in-class materials, modern techniques of assembly and fastening, enhanced functionality, aesthetics & safety, ventilation, ruggedness to withstand the effects of weather, quality and durability will be the features of roof structures. Everything counts when it comes to design roofing for manufacturing facilities.

Faisal Roofing Solution (I) Pvt. Ltd., is a name to bank upon when it comes to sophisticated industrial roofing. The company is the brainchild of Mr. Salim Rehmani. He has brought a revolution in the domain of industrial roofing with his experience of more than two decades. He started undertaking roofing contracts in the year 1997 and then entered into the trading of roofing materials in 2009. In early 2011, the company engaged into the manufacture of roofing sheets and allied products. We are an ISO 9001:2015 company having fully-fledged manufacturing facilities in Taloja, Maharashtra. Our modern production equipments with more than 100 professionals ensure to design impeccable quality. We have completed over 500 successful projects and still growing with a list of 750 satisfied customers.
