About Us

We, Jindal Power Corporation originates from our parent company "Jindal Sons" which was founded back in the year 1982. In these 40 years of our journey, we have gained immense expertise in supplying world class electrical power products such as Octagonal Poles, High Mast Lighting Pole, LED Lights, Mono Pole, Transmission Tower etc. for town lighting, electrical power distribution & control systems. The CMD of our company, Mr. Rajendra Agarwal is one of the key persons who takes Jindal Power Corporation into a new height of success. Under his headship, we have become one of the leading Exporters, Suppliers and Traders in the field of Electrification projects.

The whole process of electrical energy supply and its culmination of its usage to power certain appliances is executed by channels, which are none other than the tools and wares we see on a daily basis. But they should be of adequate quality to withstand the continued strain and do not call for frequent replacements after failing. Jindal Power Corporation, based in Kanpur region of Uttar Pradesh, brings you the most durable and efficient electrical power products and lighting solutions. We possess an industrial experience of more than three and a half decade at our disposal and deal in products like Octagonal Poles, High Mast Poles & Transmission Tower to name a few.

Key Facts

Nature of Business	Manufacturer
No of Staff	200
Year of Establishment	1982
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	As per requirement
Memberships	EXPORT COUNCIL OF INDIA, INDIAN CHAMBER OF COMMERCE
