## About Us

In the year 1983, we, Allied Pumps, started our business as a supplier, trader and service provider in the market and have established ourselves in providing the best range of Water Supply Pump, Chemical Process Pump, Hot Water And Oil Pump, Centrifugal End Suction Pump, Boiler Feed Water Pump, Horizontal Pump and many more. We offer German brand pumps to the customers at reasonable rates. Our products are highly demanded among the customers due to their hassle free performance, perfect dimensions, accurate design and high tensile strength.

These products are widely used in industrial applications. We procured these products from the certified vendors of the market who are known for providing quality tested array of products. Our vendors help us in serving our clientele in best manners. With their help, today we have a humongous number of clients in the market. And along with them, our professionals ensure that products could be sent to different locations in a time-bound manner as well.

Apart from the products, our service providing company is offering cost-effective Installation, Repairing, AMC and Water Tank Cleaning solutions to the customers. While providing both products & services, we make sure that highest standards are maintained throughout the operations.
