EXHIBITION CATALOG

Sl.No.	Image	Size	Rate
1	ALUMINIUM PAGODA TENT	ALUMINIUM PAGODA TENT	
	Piller height: 8feet, Peak height:	Pogoda tents are more suited to the private market, for parties in your garden where the marquee will usually only be left up for a few days at a time and only used a few times a year Pogoda tents are usually easier to transport as the boxes weight much less than the PVC marquee of the same size. For your party we can deliver a very exclusive Marquee in strong aluminium construction with heavy duty PVC cover, delivered complete with sidewalls and entrances.
