

CA2000

The CA2000 Pro is a superb value hand held digital alcohol detector which is accurate and easy to use. A good choice for individuals requiring high level accuracy. This is one of our best value breathalyzers.

It displays the breath alcohol concentration as a 3 digit readout in mg/l unlike other CA2000 models displaying in %BAC.

Certified by the US food and drug administration (FDA), the unit also meets US Department of Transport (DOT) requirements. It is fully useable in the UK and Europe displaying a clear no nonsense digital numeric readout.

Breathalyzer Specifications
