About Us

Elctro Tech India has gained immense popularity as a trader and supplier of Apar Anushakti Wires, Roma Plus Switches, Aluminum Armored Cable, Polycab Coaxial Cable, and more. We have been able to exceed all the expectations of buyers with the help of our production partners who never make any compromise on the quality of products. Our excellent supply chain management enables us to deliver the goods right to the doorsteps of our consumers. We have always worked with total honesty, refused to give up, and provided the greatest results within the allotted time.

The expertise of our company, Elctro Tech India, lies in catering to customers demands associated with quality products like Solar Cable, Anchor Double Door Distribution Board, Anchor Roma Classic Switch Board, Panasonic LED Panel Light, etc. Our Noida, India based company has touched the zenith of success and has set an example in the respective domain. Right from our very first deal in 2006, we have attained optimal client satisfaction in all deals and continuously working hard to maintain this record in future too.
