About Us

In this fast pace life, people have completely neglected the care, a body needs to continue working. Toiling hard days and nights for materialistic things results in fatigued body, mind and spirit. A good health is the real secret to an eternal bliss and this understanding is the real reason behind formation of Pathimage Instruments Co. Our business enterprise is formed to make hospitals, clinics, medical research centers and laboratories have an impressive line of Medical Equipment.

A partnership-based business, Path Image Instruments Co. was founded in 2008 and specializes as a trader and supplier of Ultrasound Machine, Refurbished CT Scanner, Portable Ultrasound Machine, X-Ray Machine, Multipara Monitor, Hospital Plain Bed, and more. The well-known and accredited businesses in the sector produce these goods. Our products are renowned for their superior quality, strong construction, advanced technology, hassle-free performance, great reliability, and low maintenance needs. In addition, our company's primary focus is on teamwork, continuous quality control, and complete client satisfaction, all of which are evident in our business operations. Because of this, every employee in our organization works as a cohesive team with a strong sense of camaraderie, completing quality-based tasks that fully satisfy the clients. Furthermore, our open and honest commercial dealings demonstrate our commitment to ethics and business ideals. These moral and tailored business practices demonstrate our commitment to the job and our clients.

Key Facts
