## About Us

Meeting the needs of the customers associated with LDPE Tubes, Nylon Pipes, Industrial Polypropylene Tube, Polypropylene Pipes, HDPE Tubes, etc., we, Doorva Plastic, have emerged as a renowned manufacturer and supplier. Our products are famous for superb flexibility, corrosion-resistance, stress-crack resistance, abrasion resistance, highly durable, and many more factors. The products we manufacture are made using high-quality LLDPE, LDPE Plastic Pipes, HDPE, and other raw inputs that are in accordance with the FDA standards and international quality parameters. Further, we provide products in different lengths, sizes, colors, designs and as per other requirements of the customers. Before serving customers, we make them understand our policies so that transparency can be maintained. Besides this, we have advanced machines in our manufacturing house which helps us accomplish tasks in a nominal time.

We, Doorva Plastic, are an ISO certified entity that was started in the year 2008 from the city of Bahadurgarh, Haryana of India. Our offerings include products like Industrial HDPE Sheet, LDPE Profile, PP Niwar Tape, Spiral Pipes, etc. We are serving customers from various sectors such as irrigation, agricultural, engineering, and pharmaceuticals industry. Our company is appreciated for supplying products that have excellent finish, longer life, light weight, resistance to substrates and many more excellent attributes. Under the able guidance of Mr. Deepak Sahni, we have been able to gather a huge clientele for ourselves. To get more information about our company, policies, or goods contact us freely, and we will be happy to help you.
