About Us

Globally recognized for building trust and offering the best quality industrial products, we, Vimal Forge LLP, are counted among the top and most reliable manufacturers, suppliers, and exporters in the industry. The products we provide encompass, Customized Forged Rings, Automotive Metal Components, Thrust Washers, Cam Shaft Break Drums, CNC Turned Rings, and others. Representing the optimum standards of longevity and quality, our products are in increasing demand across the country. We take pride in being able to satisfy the demands of a wide customer base in no time and with complete sincerity. Within a short time period, today we have earned the support of a huge clientele and secured a prominent position in the market as a trusted source.

Our vision is to maintain our robust market reputation as a value-based source for top-notch forged and CNC-machined components both in the domestic and international markets. Our mission is to earn global recognition as a socially responsible corporate entity by offering quality products and services while following high business ethics.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	forged flange,cnc machined auto components,precision cnc machined components,precision forged component,drop forged components,upset forgings,forged rings,forged steel rings,forged automotive components,
No of Staff	70
Year of Establishment	2021
OEM Service Provided	No
Memberships	TUV SUD
ProductRange	forged flange,cnc machined auto components,precision cnc machined components,precision forged component,drop forged components,upset forgings,forged rings,forged steel rings,forged automotive components,

Our Products

Bearing Races

Gasket Ring
