## About Us

We, Ganeshas Lime And Minerals, are a noteworthy manufacturer and exporter of High Alumina Bricks, Refractory Material, Dense & Conventional Castable, Fire Crete Castables, Acid Proof Brick, Phoscast 90XR & 60XR, Mortar, Fireclay, Insulyte, Acid Resistant Bricks, Bitumen Primer, Furan Powder & Boiler Bed Material, etc. Each one of which is manufactured using advanced resources, both human and non-human. We conduct product efficiency tests as per BS 845 direct or indirect methods. Moreover, we have 2 group companies that are registered and work for different government liabilities. For instance, performance evaluation, commissioning and erection services, wiring of control panels, troubleshooting of boiler fuels and more. This is being the reason; we are counted as one of the best partners to ally with.

Our commitment to provide our clients products of the highest quality pushes us to follow all the quality norms stringently. This is why, we manufacture all our products using top-of-the-line material like steel, iron, etc. For maintaining our unmatched quality standards, we have appointed a team of experts who monitor each and every production stage.
