complete  
bathroom solutions

## Company Profile

The very reason for our existence at Zigma is experiment with innovation. Not for our own sake but to bring about the greatest designs for today's consumer. This takes an instinct for thinking creatively and for initiating change, challenge and competitiveness in this new era of global competition. Our vision is the evolution of smarter and sophisticated fittings and since our inception in 1995 we have been dedicated to this. As we stand at the intersection of appliances, infrastructure and services, the core areas of new production philosophy that enables leadership, we are able to produce conventional as well as contemporary designs with utmost ease.

Zigma combines style and substance. Our products are in a well earned top slot.

Our state-of-the-art integrated production facilities at Delhi are well supported by a professional designing team. The design studio of Zigma is well equipped with multi-dimensional designing hardware and software which enables us to create some of the finest contours and curves. The quality assurance concept at Zigma is based on the inputs.

Meeting the most stringent specifications and use of manufacturing process which would ensure a very high quality of products manufactured. The raw material and bought out items for every product are thoroughly checked invariably as per prescribed quality assurance plan to maintain strict quality control. Similarly the manufacturing process at different stages incorporate routine testing based on methods, norms and quality plans prescribed by the national and international standards. Quality of products and after sale service are the main strength of the company. Our rich experience of catering to the needs of various customers positions us to meet their requirements too.

We pride ourselves on being a customer oriented company with an emphasis on quality control and innovation. We have come a long way up in a short span of a period only due to the patronage of our customers. Today our production has increased manifold, giving us a good customer base. Our strength lies in their satisfaction.
