About Us

We are manufacturers of Starch based natural eco-friendly glue in powder and liquid forms. The liquid glues are ready-to-use, while powder glues require a mechanical stirrer at the customer end to prepare a liquid glue. We are manufacturers of Glue Powder and Liquids since 1992. The liquid glues are ready-to-use, while powder glues require a mechanical stirrer at the customer end to prepare a liquid glue. We manufacture different types of Glue Powders for CORRUGATION & SHEET / BOARD PASTING, Paper Core / Tube /Cone, Edge Protector, Angle Board, Paper Bag, Paper Plate, Honeycomb Paperboard and other related Paper Conversion Industries.

The company was promoted by Mr. Devakumar Sundarsingh a postgraduate in chemical engineering from IIT Madras. He has professional experience of about 44 years in manufacture, quality control, product & equipment development in glues based on starch, dextrin, casein, natural rubber, neoprene rubber, Vinyl acetate homo-, co- and terpolymeric emulsions, polyvinyl alcohol, EVA resins and animal glue. Our products were developed by close interaction with our esteemed customers. We cater to the specific requirements of the users. A high level of Integrity and Professionalism is followed in our dealing with customers, suppliers, employees and others. Our R&D team will be constantly looking out for new materials and processes to enhance the performance of existing products and develop newer ones.
