## About Us

Known for our high reputation & reliability across various markets, we, **Ranker India Spares & Services**, are an eminent **manufacturer** and **exporter**. Our product range includes **Batch Mix Plant Spares, Mechanical Road Broomer, Road Sweeper With Side Brush And Water Sprinkle, Kerb Paver Machine** etc. All these creations are in huge demand owing to their incomparable performance and long service life. We procure components from reliable vendors for manufacturing our exceptional array. For the ease of clients, our brand is made available at highly affordable prices. We avail and stock a huge gamut of OEM parts too, which are used to make equipment of brands like **Apollo, Linhoff, Speco, Macons, Ashirwad, Atlas, Maxmech**, etc. Under the guidance of **Mr. Sanni Kumar Prajapati (Partner)**, our company has achieved enormous success in this vertical.

Our offerings are exported to countries such as **Iraq, Nigeria, Africa, Australia** etc. Along with our world-class products, we are popular as an eminent **service provider**. Customers trust us for reliable **Maintenance & Repairing Service For the Road Equipment Spares, Road Marking Machine** and many other offerings. We provide them with extraordinary results that exceed their expectations. Our aim is to offer improved solutions and services, and convince more clients to choose us. We are also looking for distributors for our brand.

## Quality Assurance

Quality has been our greatest priority since the beginning of the journey in this domain. Our offerings such as **Batch Mix Plant Spares, Mechanical Road Broomer**, etc., are made from high grade material. To make sure that each product is flawless, we conduct some tests to check the features of the array. The auditing is done on various parameters such as power consumption, performance and durability. The tests are done under the vigilance of experts. Only after their approval, items are packed and delivered. Owing to our strict quality management system, we have been able to supply unmatched offerings to buyers, worldwide.
