

MANUFACTURER AND SUPPLIER
ABRASION TESTER

Customer Faith Well-Kept
For Lifetime.

180 Degree Peel Adhesion Tester, 5 Kn Universal Testing Machine, Akron Abrasion Tester, Analog Shore D Hardness Tester, Analog Shore Hardness Tester, Analog Shore Hardness Tester With Stand, Automatic Pigment Muller, Coefficient of Friction Tester, Computerised Single Screw Tensile Testing Machine, Coverall Bend Impact Tester, etc.

AKRON ABRASION TESTER

WET SCRUB ABRASION TESTER

DIN ABRASION TESTER

About Us

Stech Engineers is a trusted name in the field of high-quality testing instruments, offering precision-engineered solutions for over 25 years. Established in 1998 and located in Virar, Maharashtra, we are a leading manufacturer, exporter, and supplier specializing in testing equipment for industries ranging from automotive and rubber to plastics and research. Our goal is simple: to provide reliable, accurate, and durable instruments that help our clients ensure the quality and integrity of their products. With extensive industry experience, we have established ourselves as a leader in delivering robust testing instruments that meet global standards.

We focus on providing top-tier testing solutions designed to meet the demanding needs of various industries. Our products help assess material performance, durability, and quality control, enabling companies to optimize their processes. Our key offerings include Akron Abrasion Tester, Adhesion Tester, Bend Impact Tester, Compression Set Apparatus and Compression Thickness Gauge. Each of these products is built with the latest technology, rigorous testing procedures, and high-quality materials to ensure maximum performance and reliability. With over two decades of experience in the field, we have built a reputation for precision, reliability, and innovation. We understand the critical role that testing instruments play in the manufacturing and research processes, which is why we are dedicated to providing solutions that exceed industry expectations. Our team of skilled engineers and technicians works tirelessly to improve and enhance our product offerings, ensuring that we stay at the forefront of industry standards and technological advancements.

**Key Facts**

Nature of Business	Manufacturer
Primary Competitive Advantages	hydraulic press machine,humidity oven,digital spring testing machine,computerized universal testing machine,abrasion tester,computerized tensile testing machine,rubber hardness tester,
No of Staff	30
Year of Establishment	1998
OEM Service Provided	No
Memberships	Indian Rubber Manufacturers Research Association (IRMRA)
ProductRange	hydraulic press machine,humidity oven,digital spring testing machine,computerized universal testing machine,abrasion tester,computerized tensile testing machine,rubber hardness tester,

Our Products

De-Mattia Flex Tester

Industrial Compression Set

180 Degree Peel Adhesion Tester

Coverall Bend Impact Tester

Exact Compression Thickness Gauge

Industrial Dart Impact Tester

Coefficient Of Friction Tester

Package Hardness Tester

Analog Shore Hardness Tester

Digital Shore Hardness Tester With Stand

Digital Shore OO Hardness Tester

Micro Shore M Hardness Tester

Analog Shore D Hardness Tester

Analog Shore Hardness Tester With Stand

Digital Shore Hardness Tester

Digital Package Hardness Tester
