3 Phase Industrial Vacuum CLEANER

Designed for the most common industrial application New trolley and easy S.S. Container release system featuring reduced dimensions and easy handling keeping the traditional quality & toughness of TCI Products. Floating ball protect the motor, High efficient Water proof filter bag, High Quality Break wheel Durable drain pipe, Stainless Steel collection container and handles.

With the aid of a 38/50mm hose pipe connected with a suitable accessory tools, the cleaner pickup dust, Metallic Shaving, Clips, Cotton rags, Greasy, Industrial Waste, High Viscosity Oil, Liquid Spillages Powders, Water etc. both directly from the machines as well as from Industrial flooring. A mechanical preseperator directs the heavy particles and the liquids straight into collecting container. The subsequent cloth filter retains the fine Particles.

The Machine widely used at Engineering, Automobiles, Pharmaceutical Power Station, Glass Industries etc. The machines is extremely low in maintenance. It can be run continuously. Hose pipe can be extended upto 10-15 mtrs. and above Depending on applications.
