

Jindal Electric & Machinery Corporation

JINDAL STARTED MANUFACTURING AUTOMATIC VOLTAGE CONTROLLER, SILICON RECTIFIERS AND SPECIAL PURPOSE TRANSFORMERS. FROM 1967 AT LUDHIANA A SMALL SCALE UNIT UNDER THE NAME OF M/S JINDAL ELECTRICALS - PROMOTED BY MR. B.B. JINDAL

AC-DC Variable Supplies, Automatic Voltage Controller, Isolation Transformer, Rectifiers Economy And Efficiency Through Excellence, Servo Voltage Stabilizer, Silicon Controlled Electroplating Rectifier, Special Purpose Transformer, Variable Supplies, Voltage Stabilizer, etc.

AUTOMATIC VOLTAGE CONTROLLER

RECTIFIERS ECONOMY AND EFFICIENCY THROUGH EXCELLENCE

SILICON CONTROLLED ELECTROPLATING RECTIFIER

About Us

Synonymous with "customer satisfaction", Jindal Electric & Machinery Corpn. has been providing qualitative electrical products in order to meet the requirements of the industry. Founded by Mr. B. B. Jindal who is an electrical engineer and has helped the company to emerge as a reputed business entity in the market. Incorporated in the year 1967 at Ludhiana, we are known as a reputed manufacturer, exporter and supplier of Automatic Voltage Controller, Silicon Rectifiers and Special Purpose Transformers etc. Automatic voltage controllers ranging from 30-5000 KVA capacity, our range of products is widely appreciated by our clients across the world. Moreover, we have set up our all-India sales and service network that help us to offer after sales services to our customers.

We are empowered with a strong team of professionals who understand the requirements of the industrial clients and strive hard to deliver them best. Our team comprises experienced engineers, technical staff, designing personnel and many others. Our team of highly talented engineers is adept at the different manufacturing processes and the technical staff at our unit support the engineering department in designing and fabrication of different types of electrical equipment. We often conduct different seminars and organize training sessions for our employees to develop their skills and keep themselves updated with the latest technology. Owing to our team support, we have acquired a list of clientele based in Uganda, Nigeria, Nepal, Bangladesh, Conakry, Sri Lanka, Bhutan and Uzbekistan.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	three phase isolation transformer,isolation transformers,electroplating rectifiers,voltage regulators,variable voltage transformers,variable power supply,energy savers,power saving equipment,power saving devices,ac power saver
No of Staff	150
Year of Establishment	1967
OEM Service Provided	No
ProductRange	three phase isolation transformer,isolation transformers,electroplating rectifiers,voltage regulators,variable voltage transformers,variable power supply,energy savers,power saving equipment,power saving devices,ac power saver

Our Products

AC-DC Variable Supplies

Rectifiers Economy And Efficiency Through

Special Purpose Transformer

Isolation Transformer

Servo Voltage Stabilizer

Voltage Stabilizer

Silicon Controlled Electroplating Rectifier

Variable Supplies

ADDRESS

Plot No.C-57, Phase - IV, Focal Point, Ludhiana, Punjab, India (141010).
