About Us

S.R. Engineering Industries, founded in 1995, is one of the top producers of a wide range of planer and lathe machines. The 42 MS Vertical Bandsaw Machine, Planer Machine, SR Mortiser Chain Machine, Core Dry Press Machine, etc. are part of our product line. These provided ranges are available in various specifications to meet the precise needs of our customers and are designed using superior quality inputs and cutting-edge procedures. These machines are well regarded by our customers due to their flawless finish, longevity, solid design, appealing features, lightweight, and damage resistance. The ultramodern infrastructure facility has been divided into a number of highly functional sections. This aids us in achieving a number of the company's objectives. Our facility is outfitted with all the tools and machines required for this. Additionally, we have a sizable clientele because of our customer-focused behavior. Our organization is making progress in this cutting-edge competition under the direction of our mentor, Mr. Jagdev Kamboj. He has extensive industrial experience spanning many years, which has continually assisted us in creating flawless products for the customers that meet or exceed their expectations.

We are able to quickly meet the various demands of our esteemed clients thanks to our hardworking team members and established production facility. In order to maintain our stellar reputation, we use cutting-edge machinery and premium raw materials in accordance with established industry standards. We provide the range of equipment on offer within the promised time frame.

Key Facts

No of Staff	40
Year of Establishment	1995
OEM Service Provided	No

Our Products

Multipurpose Thickness Planer

Industrial Mortiser Chain Machine

SR Mortiser Chain Machine

Industrial Knife Grinding Machine

Agricultural Wood Shredders

Belt And Disc Sander Machine

Single Layer Plywood Hot Press Machine

Plywood Core Dry Press Machine
