About Us

Having the right tool for the right job is the key to successful execution of every task. We, Baweja Industries is a trusted Manufacturer, Exporter and Supplier of Carpentry Tools, Hand Tools, Cast Products & Equipment, Formwork Accessories, Cuplock, Jack, Waller Plate 4mm, Gogo Nut 12mm, Sheeted Coupler, Brc Coupler, Universal Coupler, Universal Bracket, Fencing Coupler, Ladder Coupler Props and Scaffolding which are awarded with ISO 9001:2008 certification for unmatched quality. Our innovative product line shows our commitment to promote highest quality standards in the overall industry.

In the year 1973, the company was started by Mr. Ravinderjit Singh Baweja and currently, running in the ownership of his son Mr. Punjit Singh Baweja, Director. During the inception, the business was set up in a small rented building of around 100 sq. yds. at Basti Shiekh, Jalandhar with the initial investment of Rs. 20,000/- only. Through our hard work and dedication, we were able to shift our business from rented place to our own premise of 5000 sq. yds. In 1977. With every passing year, the business has considerably expanded and shifted its factory to 60,000 sq. yds. at Kapurthala Road. The factory have all the required modern equipment and machinery of proper quality inspections in both the machine shop as well as foundry. Apart from the tools, we are also taking care of all sort of printing applications on offset printing machinery that are operated by our trained technicians. Our uncountable record of achievements is the outcome of our team working together, quality commitment and professionalism which are the driving force behind our success.

Baweja Industries is one of the leading manufactures & exporters in Punjab, India which has gained specialization in producing Carpentry Tools, Scaffoldings, Hand Tools, Cast Products & Equipment, Formwork Accessories etc. Our company is smoothly running with the combine efforts of management & sincere professionals who are passionate for their jobs. Through innovation and excellence, our qualitative products have gained wide usage in various segments by the way of their engineering and workmanship. From the modest beginning as a reliable exporter in India, Baweja Industries has expanded its business into manufacturing of different kind of industrial tools. Companies which are associated with us very well aware about the performance of our products thus, give repeated orders. The users always recognize us for best quality, fair price and timely delivery of goods. We always try to add new & better products in our portfolio to provide more options to the users which are beneficial for their business.
