TURNKEY CONSTRUCTION PROJECTS SERVICES

TURNKEY PROJECT WATERPROOFING SERVICES

About Us

We, Antrix Construction, are a well known face in the domain of Civil Works and Construction Industry. As a leading Service Provider of construction job work including Building Restoration, Heritage Building Restoration, Waterproofing, Repair & Restoration and Civil Works, we have gained huge praise from the industry. Apart from this, we are named as an eminent Trader of construction chemicals, which are procured from reputed companies like Sika, BASF, Sunanda Chemicals, Prince, Saint Gobain, Roff and Polyproof. Backed by financial stability, we have been able to procure these products at low prices. Our versatility in handling turnkey projects can be proved, as we not only hold our supremacy in undertaking new structuring construction work but also possess capability to fix old structures to strengthen it and increase their load bearing capacity, making them earthquake proof. We Provide Our Services in Mumbai Only.

Based in Mumbai, (Maharashtra, India), we are a prime service provider of Waterproofing Service, Terrace Waterproofing Service construction and engineering job works. Some of our services include Epoxy Floor Coating, Expansion Joint Treatment, Retrofitting and Restoration, Complete Renovation of Societies and coring. In addition, we are also counted amongst the leading trader of construction chemicals such as Polyurethane Elastomeric Membrane (FLEXIROOF PU), Bituminous Emulsion (Polyalk WPB), Waterproofing Chemical (Polyalk WCR) and Polymeric Formulated Chemical (Polyalk EP). With rich experience and in-depth knowledge of the market, we have been able to carry our business in a perfect way. We Provide Our Services in Mumbai Only.
