About Us

Sourabh Engineers and Consultant have become a foremost choice of our clients involved in O&M of power plants; cement industries, manufacturing of distribution transformer and building construction. Since our foundation in 2005, we have remained focused in supplying quality products at competitive prices with committed Delivery. Our commitment to offer best quality products to our clients has positioned us as one of the noted Supplier, Distributor and Service Provider in the industrial sector. With the most experienced team in the industry and technical expertise, we offer a broad spectrum of Engineering Products & Systems, including Low and Medium Voltage Electrical Switchgear, low voltage bus ducts , RMUs , Protection Relays , DG Sets., Spares for Large Size Pumps and Material handling systems etc.

We have invested considerably in new technologies and equipment in order to come up with best-in-the-quality product line that caters to the needs of our customers. Backed by state-of-the-art infrastructure, expertise and diverse experience, we, are recognised as the most renowned and highly acclaimed suppliers, distributors and service providers of premium products by our clients. Utilizing modern technology and methods, we offer products such as Engineered Products & Systems, Electrical & Electronic Products & Systems, Electrical Changeover Switches etc.

Key Facts

Nature of Business	Distributor
No of Staff	10
Year of Establishment	2005
OEM Service Provided	No

Our Products

ML RELAY

Advance Feeder Protection & Directional Overcurrent Relay

Directional Overcurrent Relay

EC 2 AMF Relay

Frequency Monitoring Relay Series

PTC Thermistor Relay

Voltage Monitoring Relay Series

Ground Fault Module

MN RELAY

RX RELAY

Engine Control Relay

IRM-Pro Relay

SMDBs For Power Distribution

RTO RELAY

Current Monitoring Relay

Earth Leakage Relay

ADDRESS

A-7, Opp. Vaishali Nagar Police Station, Vaishali Nagar, Jaipur, Rajasthan, India (302021).
