About Us

Thurs Organics Private Limited was born to meet the requirements of customers in paints, cosmetics, textiles, pharma, and leather industries by providing a wide range of Chemicals and Auxiliary. We are a renowned manufacturer and exporter of high grade Dyeing and Printing Auxiliaries, Functional Polymers, Industrial Emulsifier, Acrylic Waterproofing Polymer, Acrylic Dispersant, Simethicone IP-BP-USP, and many other products. We have made it our mission to provide our customers with the best quality products, ever since we opened for business. In our production plant, we closely monitor every step of the chemical formulation process to ensure the delivery of the highest quality products.

Our team comprises committed experts with varying areas of experience. The specialists we have include production manager, marketing officers, quality controllers, warehousing professionals and many others, who handle the entire process of the company with brilliance. We have solidified our position in both the domestic and international markets under the guidance of our knowledgeable and motivating mentor, Mr. Vinayak. His keen sense of business and excellent managerial abilities have made a significant impact on the growth and success of the company. Since the beginning, we have consistently produced high-quality products, which has helped us build a large clientele throughout the world.
